Dr. David D. Jones, President
Bennett College
Greensboro, North Carolina

Dear Dr. Jones:

I frequently have requests from college registrars for list^s of high school seniors.

This year, I have succeeded in getting from 3,200 seniors their college choice and other pertinent information. This information was secured on a printed form and has necessitated some clerical work in the office of The Bureau of Testing Service at the University of North Carolina. The white colleges pay twenty five cents per entering freshman. Since it is new to us, I have estimated that the information forms for all of the seniors designating Bennett as their college choice can be furnished you at the nominal cost of fifteen cents per person. The individual score from the 1939 senior examination will be inserted on the form.

If you desire this service, kindly inform me or have your registrar write me directly.

With cordial good wishes, I remain

Yours very sincerely,

H. L. Trigg, Supervisor
Colored High Schools.
